Coffee Again:

People wouldn't buy poor Coffee if they knew how it was made and who makes it. If they knew all about it they would use only good brands. Blanke's Coffee is undoubtedly as good as any that grows. I sell it. Nobody else in Keytesville keeps it. I think so much of Blanke's coffee that I give people their money back if they don't like it. Maybe the place where you buy doesn't do that.

A Woman

Came into my grocery a couple of monthss ago. She wanted canned fruit. She bought some and said: "If this fruit isn't good I'll never come back again." The fruit I sold her must have been good for that woman has been coming back to my store two or three times a week ever since.

Seeing Means Buying

The advertisements cost money. I advertise to bring new customers to my store. When people come to see me they are pretty sure to buy, because I tell the truth and sell good, clean, pure food. Thus seeing means buying.

Section Foreman Geo. Brummall, of Keytesville section, has been transferred to Glasgow and placed in charge of that section. He moved his family and household effects to that city to-day. A horse belonging to James Staubs, of near Brunswick, was taken from a hitch rack in that city on Tuesday night of last week. Dr. J. S. Wallace, one of the best and most favorably known physicians and all-round good fellows that ever carried the saddle-bags in Chariton county, left last Sunday night for St. Louis, where he will locate for the practice of his profession. The COURIER wishes Dr. Wallace the fullest measure of success in his new location.

There is talk of another paper being started in Salisbury by C. C. Williams, late of the New Franklin Herald. The man who starts a third paper in Salisbury and the eleventh in the county will make a mistake, and soon have his hopes crushed by standing helplessly by and witnessing his "long felt want" "hit the ground" with a dull, sickening thud, leaving no trace behind of its ever having existed save a few unpaid paper bills and an advertisement in some printers' journal of "a second-hand newspaper outfit for sale at a bargain."

R. D. Vincent is erecting a 3-room addition to his already commodious farm residence, 3 1-2 miles north of Keytesville.

The Salisbury Press-Spectator says: "J. W. Cooper paid off another one of the contracts, which belonged to J. G. and W. S. Gallemore." The P.-S. does not state what sort of a contract it was that Mr. Cooper paid off, but we presume it was all right.

The Sumner Star says: "A Wabash freight train ran into some cattle that had jumped into the right of way about a mile south of town Sunday. Several cars were ditched and the train was delayed about four hours." The Star does not state what was the fate of the cattle.

Lester List.

The following is a list of letters remaining in Keytesville post-office Oct. 1st, 1894:

Mr. Ben Bruce, W. Kern.

JNO. CHIVERS, P. M.

Frank Bivens, of Sumner, was tried in that city Saturday a week, charged with disturbing the peace and resisting an officer. The jury's verdict acquitted him of the charge. The following Monday Bivens caused the marshal, Mr. Berry, to be arrested, charging him with assault with intent to kill. His case is set for trial to-morrow (Saturday).

A remonstrance is being circulated by the people of DeWitt against money being appropriated to build a bridge across Grand river, at Brunswick. No thinking person should attach his signature to such a document. Brunswick should have the bridge by all means, and both Chariton and Carroll counties would derive material benefits by the construction of such a convenience to the traveling public.

A 12 year old son of F. A. Dessert, postmaster at Macon, was killed in that city last Saturday by a Wabash freight train while switching at the depot. This boy and another one had been on the cars, but were standing on the track waiting for the train to back down. He never moved till the cars were quite near him, and when he undertook to do so, his foot hung and the wheels ran over his leg and the lower part of his body. He lived but a few hours.

WILL PAY YOU TO READ.

A great deal has been said and written by politicians and newspapers concerning the tariff, but no argument is equal to showing you the articles affected as much as drawing the line between the old and new schedule of prices; then it takes no argument to prove the effect it has on your pocket-book. Who have just returned from St. Louis where they bought a stock of Dry Goods Ladies' and Gents' Furnishing Goods, Notions, etc, which they are opening up to the public in the Chapman store-room. Watch for their opening announcement next week.

Hamp Drew, of 3 miles northeast of town, recently received a "white-cap" notification to the effect that if he did not refrain from abusing his better half, a committee would wait upon him. Hamp suspecioned Harvey Glasgow, Mrs. Drew's father, as being the author of the communication, and last Sunday morning when Glasgow went over to Drew's residence on some errand, he was attacked by Drew with a club and beaten into insensibility. He was taken home and on Tuesday last came to Keytesville and swore out a warrant for Hamp's arrest, charging him with assault with intent to kill. Drew was brought before Squire Wheeler that afternoon and placed under bond to appear for trial to-morrow (Saturday).

The Republicans of Indian Grove and vicinity will hold a meeting to-night (Friday), at which A. N. Seaber, senatorial candidate, and other speakers are expected to be present and address the gathering. On Wednesday, Oct. 24th, it is reported that a big Republican picnic will be held at the same place. It must be a great consolation to the Republicans of this county that they always "have their laugh first," for after they are again hurled over the political fence by the onslaught of the Democratic masculine bovine it will be painful for them to even display a semblance of a smile.

A thief entered J. J. Heisel's store by raising a rear window on Saturday night last, and fitted himself out with a bluish suit of clothes, size 42, a quantity of underwear, hose, hat and a pair of shoes. The miscreant unlocked the rear door and departed without leaving any clue pointing to his identity. This is the second time that Mr. Heisel's store has been burglarized this year.—Brunswick News.

Mrs. H. A. Wheeler and daughter, Miss Bird, went to Kansas City Sunday last to visit relatives and take in the Priests of Pallas parade Tuesday night. Miss Bird will go on to Lee's Summit, Mo., and spend the winter with her aunt, Mrs. Mary Hagen. Mrs. Wheeler will remain in Kansas City a few weeks the guest of Mrs. Kemmie Slade. The "squire" is now a widower and is wearing his "store clothes" every day.
